

CITY OF WINTER GARDEN

**RADIO-READ WATER METER REPLACEMENT PROJECT
RFQ 16-003**

ADDENDUM “1”

The following changes have been made to RFQ 16-003, Radio-Read Water Meter Replacement Project:

Page 1, Invitation to Submit

The approximate number of water meters included in the project is now as follows:

- 1,744 meters are to be inspected to determine whether the house is empty; the MXU needs to be replaced or repaired; and/or the MXU, the “I” Pearl meter, and the meter box lid need to be replaced.
- 854 meters are known to be damaged, which will require replacement of the MXU, the “I” Pearl meter, and the meter box lid.

Page 2, Invitation to Submit

A nonrefundable fee of \$50.00 will be charged for Request for Qualification packets.

Page 3, Selection Criteria, under Experience and Ability

1. The contractor’s Field Superintendent is also required to hold an up-to-date FDEP Water Distribution Operators License “Class 3” or higher.
2. ICC certifications from IBC have been removed and are not required.
3. FDOT CTQP courses and certifications have been removed and are not required.

Receipt of this addendum must be acknowledged in writing in each RFQ submittal.

If you have any questions, you may call Don Cochran, Assistant City Manager – Public Services (407-656-4111, ext. 2263).
